Head Teacher

At East Crompton St George's we let our LIGHT shine

Love of Learning. Independence. God in our Hearts. High Achieving. Together as One Family.

Independent Travel to / from School Agreement

There is no set legal age that children can walk to and from school independently or be left on their own. It is an offence, however, to leave a child alone if it places them at risk and therefore the school has a continual obligation to alert relevant authorities if we believe this is the case. The NSPCC advise the following –

- Children under 8 should not be outdoors for a considerable length of time unaccompanied.
- Children under the age of 12 should not be home alone for more than a very short period of time.

If parents / carers choose to let their child travel to/from school independently, then they should assess the risks associated with the school route and their own child's confidence. Parents/carers should work with their children to build up their independence, while walking to and from school together, through route finding, road safety skills and general awareness. The most important factor to consider about the suitability of a child walking to/from school alone or with an older sibling is any risk to the child. Ultimately, the responsibility for a child's safety rests with the parent.

Supervision on the School Grounds

Children remain the responsibility of their parents until the doors open at 8.50am. School staff will be on the playground in a monitoring role, not a supervisory role, from 8.45am.

Leaving School During the Day

The school office and class teacher should be informed if a child needs to leave school during the day, for example for a medical appointment. No child is allowed out of school during the school day for an appointment unless a known adult arrives to collect him/her. Parents/carers need to report to the School Office and sign the 'taken out of school register' if they need to collect their child, providing proof of appointment.

Leaving school at the end of the school day

At the end of the school day, all children leave by the appropriate door unless alternative arrangements have been made. Children in Reception – Year 4 will be collected directly from their classes. Y5 – Y6 children will be released into their playground. Teachers will monitor children as they leave the school building and as they enter the playground they are the responsibility of the person collecting them. If the person collecting the child/children is not there then children have been told to return into the building and seek adult support.

Parents / Carers are asked to collect their children from inside the school gate where possible as the car park can be very busy. Year 5 and 6 children know that, if the adult who is collecting them has not arrived, they are to return to and stay with their teacher. If after 10 minutes, no one has arrived the teacher will take the child to the office and the person on duty will telephone to see what the delay might be. The child will stay in school until an adult arrives. No child will be allowed to leave unless we are confident that appropriate arrangements are in place. If no contact has been established with the parent/carer after 1 hour after the usual collection time, the school will contact Children's Services or police.

The school expects that parents/ carers are punctual when dropping off and collecting their children to and from school. The school staff are responsible for the children during school opening hours, but they do have other commitments in school once their teaching day has finished. If a parent/carer knows that they will be late, school requests that they ring to give an expected arrival time for collection of their child. Whilst we understand that occasionally the unexpected happens where events outside of your control impact a parent/carers ability to pick their child/children up on time this should be a rarity. Should a parent/carer frequently arrive late to pick up their child/children the Head Teacher will request a meeting for further discussion.

We would expect children until the end of year 5 to be collected by a responsible adult. For children from Y6 to walk home unaccompanied, school require written permission from the parent/carers. Permission via the text service will also be acceptable.

We accept that some pupils who live in close proximity to school are able to walk home on their own during year 5. Where this is requested school will speak directly to the parent/carer to discuss the suitability of their child walking home from school independently. Where an alternative adult is collecting a child (other than the parent/carer) school request a phone call/text to inform staff that this is the case.

Drop off and Collection by Older Siblings

It is the parent/carer's responsibility to ensure that the child is dropped off and collected by a responsible person. Parents/carers have a responsibility to ensure that the child is adequately safeguarded and, as such, they must ensure that the person, collecting or dropping the child off, is capable of the responsibility and of an age where they are able to supervise the child. If the parent/carer decide that an older child is allowed to perform this role, then the parent must take responsibility for both of the children in these circumstances.

The Royal Society for the Prevention of Accidents and the NSPCC recommend that no one under 16 should be left to care for a younger child. It is therefore best practice and the school's recommendation that children in classes up to and including Y5 should be dropped off and collected by a responsible person aged 16+.

On occasion, if an older sibling (below 16+) is collecting a child, a letter, telephone call or text must outline times and arrangements. This should not be a regular occurrence. If the school has any concerns about the person collecting a child, or there are concerns about a child's safety or welfare due to these arrangements; this must be raised with the parent (ideally in advance of the collection) and if alternative arrangements are not made, a safeguarding referral made to Children's Services where necessary.

Suitable person / Identification of Individuals

If staff feel that the parent/carer collecting a child may be under the influence of either alcohol or drugs and the safety and wellbeing of the child may be compromised, the staff must contact a member of the Senior Leadership Team (SLT). The member of the SLT will assess the situation and if they feel that the parent/carer appears unable to take responsibility for the child they will take appropriate action. This could include contacting another member of the family to collect the child.

If another family member is not available then Children's Social Care or the Police will need to be contacted.

Extra-Curricular Activities

The procedures for drop off and collection will be applied to after school activities, where the activity is provided by the school. All children, including those in year 6 must be collected by an adult. Any safeguarding concerns are reported to SLT who will decide on the appropriate response.
