

Good afternoon Parents/Carers,

Well, the weather has certainly been interesting this week so I would just like to say a big thank you for getting the children into school whilst battling the snow and ice. If we get rain next week to wash it all away, you can blame me because I'll be praying for it!

Year 4 children will be going home with a letter regarding swimming today. Please check bags for this and read carefully as there is a section the adult needs to fill out.

Next Monday (19-01-24), is year 3's Castleshaw visit. Please remember to send children in school uniform and warm, waterproof coats and footwear. Children need to be in school at 8.45 at the very latest to ensure a prompt departure.

On Thursday (25-01-24) at 9am, year 6 will have their class assembly and adults are invited to attend this. Please could you text school if you are intending on attending (there's a tongue twister for you), it's just so we have an idea of the number of chairs we will need. It would be lovely to see lots of support for the children.

Finally, can I please draw your attention to the attached letter from the PTA regarding a breakfast morning they are holding next Friday (26-01-24). Please come and support this event. These sort of events really help push the family/community feel of the school.

Ok, that's me signing off for another week! Have a great weekend, stay warm and maybe do a little rain dance (come on, its better to be soggy than doing an impression of Torville and Dean just getting from A to B).
