Year 3

Summer 1

Starters

Please practise these quick activities often during the half term to embed prior learning.	Parent/carer to initial when completed
Create a crossword using the Year 3 & 4 Common Exception Words.	
Practise your handwriting. Try and write the numbers 0-500 in words and join the letters together correctly.	
Practise writing sentences using wider conjunctions, (when, so, while, after, because and before.	

Mains

Important weekly activities for the full half term.	Parent/carer to initial when completed
Children should be reading a minimum of five times a week for approximately ten minutes each time.	
Practise your weekly spellings sent home on a Friday.	
Practise and learn mathematical fluency facts all times tables.	
Access 'Times Tables Rock Stars' for at least one session a week for ten minutes.	

Sides

Optional fun activities to complete in addition to the starter and main activities.	Parent/carer to initial when completed
Create a word search using words from this half terms Science topic which is Light.	
Design and create a model of something from this term's history topic of Ancient Egypt which answers the question, 'Can we be archaeologists?' This can be done many ways, for example: lego, plasticine, computer document, papier mache etc. Bring it into school to show in our display corridor.
