complement					

Identify the eight errors in this short paragraph and then write the correct words in the boxes below.

It was early in the mourning and my dad was down in the seller because the lights had gone off and he kneaded to find the fuse box. After he had fixed the lights, he returned upstairs but almost tripped over my base guitar. He badly stubbed his toe on the stares and bald like a baby! He mustard up all of his strength and staggered up the stairs, taking care to sensor the language he was using so that he didn't offend anyone!

## Weekly spellings, week 2: common exception words

These spellings will be tested next Friday. As well as using this approach, there are many ways that you can learn spellings effectively. Try creating your own wordsearches, practising spellings in bubble writing and different fonts or make a poster explaining the spelling rule.
